## SECTION IV

## **PERSONNEL LEASING AGREEMENT**

**THIS PERSONNEL LEASING AGREEMENT** (hereinafter referred to as the "Agreement") is made and entered into this 14<sup>th</sup> day of August, 2019, by and between **Paint Creek, LLC**, a Florida limited liability company (hereinafter referred to as "Lessor"), and the **VillaMar Community Development District**, a special-purpose unit of local government established pursuant to Chapter 190, Florida Statutes (hereinafter referred to as "Lessee" or "District").

### **RECITALS**

**WHEREAS**, the District is responsible for constructing certain infrastructure improvements within and about the boundaries of the District; and

**WHEREAS**, pursuant to Chapter 190, Florida Statutes, Governmental Management Services – Central Florida, LLC, (referred to herein as the "District Manager") is charged with the supervision of the works of the District including the hiring or provision of employees and other personnel; and

**WHEREAS**, the District desires to enter into a lease agreement with Lessor to provide certain administrative personnel to assist the District Manager and the district engineer, Wood & Associates Engineering, LLC ("District Engineer") with the administration and processing of construction related activities; and

**WHEREAS**, Lessor agrees to provide such a person who may work under the direction of the District Manager from time to time under such terms as are detailed below.

**NOW, THEREFORE**, in consideration of the mutual promises and covenants contained herein, the parties hereto agree as follows:

**1. RECITALS.** The recitals set forth above are true and correct and are hereby incorporated in and made a part of this Agreement.

**2. LEASE OF PERSONNEL.** For and in consideration of the compensation described in Section 6 below, Lessee hereby agrees to lease from Lessor, and Lessor hereby agrees to lease to Lessee, an individual or individuals, acceptable to Lessee, for whatever sufficient time each week is necessary to complete the work (herein referred to as the "Construction Administrator"). The Construction Administrator's salary and benefits shall be determined and paid by Lessor. At the discretion of Lessor, Lessor may terminate the employment of the individual or individuals serving as Construction Administrator; in such event, Lessor shall attempt to employ a replacement, acceptable to Lessee, to serve as Construction Administrator.

**3. DUTIES.** The Construction Administrator shall work for the benefit of the District and shall be responsible for performing such duties related to construction administration as directed by the District Manager and District Engineer. Specifically, the Construction Administrator's duties shall include, but not be limited to, reviewing all construction

performance, field conditions, and requisitions and ensuring that the proper processes are followed, and documentation obtained pursuant to the requirements of the various District agreements regarding construction funding, acquisition, completion, operation and maintenance of improvements. The Construction Administrator shall obtain such documentation from contractors and vendors related to payments tendered and work performed, as requested by the District from time to time. Lessor acknowledges the District is subject to certain prompt payment responsibilities required by law. In no event shall the actions or omissions of the Construction Administrator result in a breach by the District of its prompt payment responsibilities.

**4. TERM.** The term of this Agreement shall be for a one (1) year renewable period commencing as of the date written above (the "Commencement Date"). This Agreement shall automatically renew each year unless terminated by either party. Either party may terminate this Agreement at any time, with or without cause, by giving at least thirty (30) days written notice to the other party specifying the date the termination is to become effective. Notwithstanding the preceding sentence, Lessee shall have the right to immediately terminate this Agreement upon a breach by Lessor. Any termination of this Agreement shall not release Lessee of its obligation to pay Lessor the compensation due pursuant to Section 6 below for all periods prior to termination.

**5. OFFICE SPACE AND SUPPORT SERVICES.** Lessor shall provide the Construction Administrator such supplies or support as shall be reasonably necessary for the Construction Administrator to render services on behalf of Lessee in accordance with this Agreement all at no cost to Lessee.

**6. COMPENSATION.**

**A.** For and in consideration of the lease of the services of the Construction Administrator to Lessee by Lessor and the office space, supplies, support services and/or other overhead or facilities to be furnished to Lessee by Lessor pursuant to this Agreement, if any, Lessee shall pay Lessor six thousand dollars (\$6,000) per month. Payment shall occur as detailed in Subsection 6(B) below. Lessor agrees that it shall be solely responsible for all salary, employee benefits and all payroll-related taxes and charges associated with Lessor's employment of the person serving Lessee as Construction Administrator. In no event shall this Agreement be construed as an employment agreement between the Construction Administrator and Lessee, or between Lessor and Lessee.

**B.** Lessor shall submit monthly bills to the District Engineer that detail the Construction Administrator's efforts expended performing the duties imposed by this Agreement. The District Engineer shall review the monthly bills and upon approval shall prepare a requisition and transmit the requisition for payment in accordance with established District procedures as such may be modified from time to time.

**C.** The parties agree and covenant that any change in services or compensation under this Agreement shall reference this section of this Agreement in a writing signed by both parties hereto, approved by the District's Board of Supervisors.

7. **CONTROL OF CONSTRUCTION ADMINISTRATOR.** All services required to be rendered by the Construction Administrator hereunder shall be rendered subject to the consent, control and direction of Lessee through the offices of the Lessee's District Manager.

8. **RELATIONSHIPS.** Lessor and Lessee shall not, by virtue of this Agreement, be construed as joint venturers or partners of each other, and neither shall have the power to bind or obligate the other. Lessor and Lessee acknowledge and agree that the Construction Administrator shall be an employee of Lessor. In furtherance thereof, Lessor shall be responsible for the payment of all compensation, taxes and employee benefits and other charges payable with respect to the Construction Administrator, including, but not limited to, all applicable federal income tax withholding, FICA, FUTA tax, unemployment compensation and any other taxes or charges imposed by law with respect to the Construction Administrator.

9. **PREVAILING PARTY.** If it should become necessary for either of the parties to resort to legal action, the non-prevailing party shall pay all reasonable legal fees and other expenses incurred by the prevailing party, including but not limited to attorneys' fees of in-house and outside counsel at all judicial levels.

10. **JURY WAIVER.** The parties hereby knowingly, irrevocably, voluntarily, and intentionally waive any rights to a trial by jury in respect of any action, proceeding or counter claim based on this Agreement or arising out of, under or in connection with this Agreement or any document or instrument executed in connection with this Agreement, or any course of conduct, course of dealing, statements (whether verbal or written) or action of any party hereto. This provision is a material inducement for the parties entering into the subject Agreement.

11. **FORCE MAJEURE.** Each party hereto shall give notice promptly to the other of the nature and extent of any event of force majeure claimed to delay or prevent its performance under this Agreement.

12. **NOTICES.** All notices, requests, consents and other communications hereunder ("Notices") shall be in writing and shall be delivered, mailed by First Class Mail, postage prepaid, or overnight delivery service, to the parties, as follows:

A. **If to Lessor:** Paint Creek, L.L.C.

Tallahassee, Florida 32301  
Attn.: Roy Van Wyk

Except as otherwise provided herein, any Notice shall be deemed received only upon actual delivery at the address set forth herein. Notices delivered after 5:00 p.m. (at the place of delivery) or on a non-business day shall be deemed received on the next business day. If any time for giving Notice contained in this Agreement would otherwise expire on a non-business day, the Notice period shall be extended to the next succeeding business day. Saturdays, Sundays and legal holidays recognized by the United States government shall not be regarded as business days. Counsel for the parties may deliver Notice on behalf of the parties. Any party or other person to whom Notices are to be sent or copied may notify the other parties and addressees of any change in name or address to which Notices shall be sent by providing the same on five (5) days written notice to the parties and addressees set forth herein.

**13. INDEMNIFICATION.** Lessor agrees to indemnify and hold the Lessee harmless from and against any and all damages, losses or claims, including but not limited to legal fees and expenses, to the extent that such damages, losses or claims are attributable to actions, omissions or negligence of the Construction Administrator.

**14. LIMITATIONS ON LIABILITY PRESERVED.** Lessor agrees that nothing contained in this Agreement shall constitute or be construed as a waiver of the District's limitations on liability set forth in Section 768.28, Florida Statutes, and other law.

**15. THIRD-PARTY BENEFICIARIES.** This Agreement is solely for the benefit of the formal parties herein and no right or cause of action shall accrue upon or by reason hereof, to or for the benefit of any third party not a formal party hereto. Nothing in this Agreement expressed or implied is intended or shall be construed to confer upon any person or corporation other than the parties hereto any right, remedy or claim under or by reason of this Agreement or any provisions or conditions hereof; and all of the provisions, representations, covenants and conditions herein contained shall inure to the sole benefit of and shall be binding upon the parties hereto and their respective representatives, successors and assigns.

**16. FURTHER ACTIONS.** Each party shall take such actions to execute, file, record, publish and deliver such additional certificates, instruments, agreements and other documents as the other party may, from time to time, reasonably required in order to accomplish the purposes of this Agreement.

**17. CONTROLLING LAW.** This Agreement and the provisions contained herein shall be construed, interpreted and controlled according to the laws of the State of Florida.

**18. EFFECTIVE DATE.** The Agreement shall be effective after execution by both parties hereto and shall remain in effect unless terminated by either of the parties hereto.

**19. PUBLIC RECORDS.** Lessor understands and agrees that all documents of any kind provided to the District or to District Staff in connection with the work contemplated under this Agreement may be public records and will be treated as such in accordance with Florida law.

**20. WAIVER.** No waiver of any breach of any term or condition of this Agreement shall be deemed to be a waiver of any subsequent breach of any term or condition of a like or different nature.

**21. UNENFORCEABILITY.** If any provisions of this Agreement shall be held invalid or unenforceable, such invalidity or unenforceability shall not, if possible, affect the validity or enforceability of any other provision of this Agreement, and this Agreement shall, if possible, be construed in all respects as if such invalid or unenforceable provision were omitted.

**22. SURVIVAL OF TERMS.** The terms, conditions, obligations and covenants in this Agreement shall survive its execution by the parties hereto and the consummation of the transactions between the parties contemplated herein.

**23. CAPTIONS.** The captions used herein are inserted only as a matter of convenience, and are not to be used in the interpretation of any provision hereof.

**24. ENTIRE AGREEMENT; BINDING EFFECT.** Except as to modifications made under Section 6(C), above, this Agreement constitutes the entire agreement and understanding between the parties with respect to the subject matter hereof, and supersedes any prior agreements and understandings relating to such subject matter. This Agreement shall inure to the benefit of, and be binding upon and enforceable by, the parties hereto and their respective successors and permitted assigns. Neither party to this Agreement may assign their rights or obligations hereunder without the prior written consent of the other party. Any purported assignment without such prior written consent is void.

**25. EXECUTION IN COUNTERPARTS.** This instrument may be executed in any number of counterparts, each of which, when executed and delivered, shall constitute an original, and such counterparts together shall constitute one and the same instrument. Signature and acknowledgment pages, if any, may be detached from the counterparts and attached to a single copy of this document to physically form one document.

**[REMAINDER OF PAGE LEFT INTENTIONALLY BLANK]**

In witness whereof, the parties execute this Agreement the day and year first written above.

## **VILLAMAR COMMUNITY DEVELOPMENT DISTRICT**

### **INTRODUCTION**

The VillaMar Community Development District (“**District**”) is a local unit of special-purpose government created pursuant to and existing under the provisions of Chapter 190, *Florida Statutes*. Under Florida law, community development districts are required to take affirmative steps to provide for the full disclosure of information relating to the public financing and maintenance of improvements to real property undertaken by such districts. Unlike city and county governments, the District has only certain limited powers and responsibilities. These powers and responsibilities include, for example, construction and/or acquisition, as well maintenance, of roadways, utilities, earthwork, stormwater management, landscape, irrigation, entry features, street lighting, underground electric, conservation and mitigation, an amenity facility, and other related public infrastructure.

## **DISCLOSURE OF PUBLIC FINANCING AND MAINTENANCE OF IMPROVEMENTS TO REAL PROPERTY UNDERTAKEN BY THE VILLAMAR COMMUNITY DEVELOPMENT DISTRICT**

Under Florida law, community development districts are required to take affirmative steps to provide for the full disclosure of information relating to the public financing and maintenance of improvements to real property undertaken by such districts. The law specifically provides that this information shall be made available to all persons currently residing within the District and to all prospective District residents. The following information describing the VillaMar Community Development District and the assessments, fees and charges that may be levied within the District to pay for certain community infrastructure is provided to fulfill this statutory requirement.

### **What is the District and how is it governed?**

The District is an independent special taxing district, created pursuant to and existing under the provisions of Chapter 190, *Florida Statutes* (the “Act”), and established by Ordinance No. O-18-70, enacted by the City Commission of the City of Winter Haven, Florida (the, “City”), which was effective on November 26, 2018. The District encompasses approximately 153.65 acres of land, more or less, located entirely within the boundaries of the City. As a local unit of special-purpose government, the District provides an alternative means for planning, financing, constructing, operating and maintaining various public improvements and community facilities within its jurisdiction.

The District is governed by a five-member Board of Supervisors, the members of which must be residents of the State and citizens of the United States. Within ninety (90) days of appointment of the initial board, members were elected on an at-large basis by the owners of property within the District, each landowner being entitled to one vote for each acre of land with fractions thereof rounded upward to the nearest whole number. Elections are then held every two years in November. Commencing when both six years after the initial appointment of Supervisors have passed and the District has attained a minimum of two hundred and fifty (250) qualified electors, Supervisors whose terms are expiring will begin to be elected by qualified electors of the District. A “qualified elector” in this instance is any person at least eighteen (18) years of age who is a citizen of the United States, a legal resident of Florida and of the District, and who is also registered with the Supervisor of Elections to vote in Polk County. Notwithstanding the foregoing, if at any time the Board proposes to exercise its ad valorem taxing power, it shall, prior to the exercise of such power, call an election at which all members of the Board shall be elected by qualified electors of the District.

Board meetings are noticed in a local newspaper and conducted in a public forum in which public participation is permitted. Consistent with Florida’s public records laws, the records of the District are available for public inspection during normal business hours. Elected members of the Board are similarly bound by the State’s open meetings law and are generally subject to the same disclosure requirements as other elected officials under the State’s ethics laws.

**What infrastructure improvements does the District provide  
and how are the improvements paid for?**

The District is comprised of approximately 153.65 acres of land located entirely within the City, in Polk County, Florida. The legal description of the lands encompassed within the District is attached hereto as Exhibit “A.” The public infrastructure necessary to support the District’s development program includes, but is not limited to, roadways, stormwater management system facilities, off-site improvements; water and wastewater facilities, landscaping, hardscaping and irrigation, and street lighting. These infrastructure improvements are more fully detailed below. To plan the infrastructure improvements necessary for the District, the District adopted an *Engineer’s Report for Capital Improvements*, dated January 3, 2019, as supplemented that that *Supplemental Engineer’s Report for Capital Improvements*, dated March 20, 2019 (together, the “Engineer’s Report”), which details all of the improvements contemplated for the completion of the infrastructure of the District (the “Capital Improvement Plan”). Copies of the Engineer’s Report are available for review in the District’s public records.

These public infrastructure improvements have been and will be funded by the District’s sale of bonds. On February 14, 2019, the Circuit Court for the Tenth Judicial Circuit, in and for Hardee, Highlands, and Polk Counties, entered a Final Judgment validating the District’s ability to issue an aggregate principal amount not to exceed \$22,250,000 in Special Assessment Bonds for infrastructure needs of the District.

On June 25, 2019, the District issued a series of bonds for purposes of partially financing the construction and acquisition costs of infrastructure for the improvements (the “Series 2019 Project”) of the District. On that date, the District issued its VillaMar Community Development District, Special Assessment Bonds, Series 2019, in the amount of \$7,180,000 (the “Series 2019 Bonds”). Proceeds of the Series 2019 Bonds are being used to finance the cost of a portion of the acquisition, construction, installation, and equipping of the Series 2019 Project.

**Stormwater Management Facilities**

Stormwater management facilities consisting of storm conveyance systems and retention ponds are contained within the District boundaries. Stormwater runs off via roadway curb and gutter to storm inlets. Storm culverts convey the runoff into the proposed retention ponds for water quality treatment and attenuation. The proposed stormwater systems will utilize dry retention and/or wet retention for biological pollutant assimilation to achieve water quality treatment. The design criteria for the District’s stormwater management systems is regulated by the City, the County, and the SWFWMD. There is a known surface water, (Crystal Lake) and there are natural wetlands on the west side of the District. No impacts to the wetlands or lake are anticipated.

Federal Emergency Management Agency Flood Insurance Rate Map (FEMA FIRM) Panel No. 12105C-0530G (dated 12/22/2016) demonstrates that the majority of the property is located within Flood Zone X with the remainder in AE. Based on this information and the site topography, it does not appear that floodplain compensation is required. If floodplain compensation is required, flood compensation shall be in accordance with Southwest Florida Water Management, City, and County criteria

During the construction of stormwater management facilities, utilities and roadway improvements, the contractor will be required to adhere to a Stormwater Pollution Prevention Plan (SWPPP) as required by Florida Department of Environmental Protection (FDEP) as delegated by the Environmental Protection Agency (EPA). The SWPPP will be prepared to depict for the contractor the proposed locations of required erosion control measures and staked turbidity barriers specifically along the down gradient side of any proposed construction activity. The site contractor will be required to provide the necessary reporting on various forms associated with erosion control, its maintenance and any rainfall events that occur during construction activity.

### **Public Roadways**

The proposed public roadway sections are to be 40' R/W with 24' of asphalt and Miami curb or Type F curb and gutter on both sides and 80' R/W with 24' of asphalt with roadside swales and sidewalks on both sides. The proposed roadway section will consist of stabilized subgrade, lime rock, crushed concrete or cement treated base and asphalt wearing surface. The proposed curb is to be 2' wide and placed along the edge of the proposed roadway section for purposes of protecting the integrity of the pavement and also to provide stormwater runoff conveyance to the proposed stormwater inlets. The 80' R/W section shall be a rural section constructed in accordance with FDOT, County, and City specifications. Underdrain is provided as necessary to control groundwater and protect the roadway base material.

The proposed roadways will also require signage and pavement markings within the public rights-of-way, as well as street signs depicting street name identifications, and addressing, which will be utilized by the residents and public. As stated above, the District's funding of roadway construction will occur for all public roadways.

### **Water, Reclaim, and Wastewater Facilities**

A potable water system inclusive of water main, gate valves, fire hydrants and appurtenances will be installed for the District. The water service provider will be the City of Winter Haven Public Utilities. The water system will be a "looped" system and will be installed within the proposed public rights-of-way within the District. This water system will provide the potable (domestic) and fire protection services which will serve the entire District.

A domestic wastewater collection system inclusive of gravity sanitary sewer mains and sewer laterals will be installed. The gravity sanitary sewer mains will be 8" diameter PVC. The gravity sanitary sewer lines will be placed inside of the proposed public rights-of-way, under the proposed paved roadways. Branching off from these sewer lines will be laterals to serve the individual lots. A lift station is anticipated for this CIP. Flow from the lift station shall be connected to either a force main on site or along CR 653.

Reclaimed water is available for this site. The reclaim water lines will be installed onsite to provide irrigation within the public right of way and amenity/park area. The reclaimed water system is funded by the District. Any water, sewer, or reclaim water pipes or facilities placed on private property will not be publicly funded.

### **Off-Site Improvements**

The District will provide funding for the anticipated turn lanes at the development entrance. The site construction activities associated with the CIP are anticipated for completion by phases based on the following estimated schedule: Phase 1 in 2019-2020 (334 Lots), and Phase 2 in 2020-2022 (308 Lots). Upon completion of each phase of these improvements, inspection/certifications will be obtained from the SWFWMD; the Polk County Health Department (water distribution system), Florida Department of Environmental Protection (FDEP) (wastewater collection) and the City.

### **Amenities and Parks**

The District will provide funding for an amenity center to include the following: parking area, pavilion with restroom facilities, pool, tot lot, dog park/all-purpose play field, and walking trails around the amenity center.

### **Electric and Lighting**

The electric distribution system through the District is currently planned to be underground. The District presently intends to fund and construct the electric conduit, transformer/cabinet pads, and electric manholes required by TECO, with TECO providing underground electrical service to the District. The District presently intends to fund the cost of undergrounding of electric conduit for the installation of the street lighting along the internal roadways within the District. These lights will be owned, operated and maintained by TECO after dedication, with the District funding maintenance services.

### **Entry Feature**

Landscaping, irrigation, entry features and walls at the entrances and along the perimeter of the District will be provided by the District. The irrigation system will use reuse water as provided by the City of Winter Haven. The master reuse watermain to the two phases of the District will be constructed or acquired by the District with District funds and subsequently turned over to the City of Winter Haven. Landscaping for the roadways will consist of sod, annual flowers, shrubs, ground cover and trees for the internal roadways within the District. Perimeter fencing will be provided at the site entrances and perimeters. These items will be funded, owned and maintained by the District.

### **Assessments, Fees and Charges**

A portion of the master infrastructure improvements of the Series 2019 Project, identified in the District's Capital Improvement Plan, will be financed by the District from the proceeds of the sale of its Series 2019 Bonds. The amortization schedules for the Series 2019 Bonds are available in the District's public records. The annual debt service obligations of the District must be defrayed by annual assessments on benefited property. Copies of the District's *Master Assessment Methodology*, dated December 5, 2018, as supplemented by that *Supplemental*

*Assessment Methodology for Phase 1*, dated June 12, 2019 (collectively, the “Assessment Methodology”), are available for review in the District’s public records.

The Series 2019 Bonds and associated interest are payable solely from and secured by non-ad valorem special assessments levied against those lands within the District that benefit from the design, construction, and/or acquisition and operation of the District’s Series 2019 Project (the “Series 2019 Debt Assessments”). The Series 2019 Debt Assessments are typically billed in the same manner as are county ad valorem taxes but may be billed directly by the District. The Series 2019 Debt Assessments are levied in accordance with the District’s Assessment Methodology and represent an allocation of the costs of the Series 2019 Project to those lands within the District benefiting from the Series 2019 Project.

The Series 2019 Debt Assessments described above exclude any operations and maintenance assessments (“O&M Assessments”), which may be determined and calculated annually by the District’s Board of Supervisors and are levied against all benefitted lands in the District. A detailed description of all costs and allocations which result in the formulation of assessments, fees, and charges is available for public inspection upon request.

The Capital Improvement Plan and financing plan of the District as presented herein reflect the District’s current intentions, and the District expressly reserves the right in its sole discretion to change those plans at any time. Additionally, the District may undertake the construction, reconstruction, acquisition, or installation of future improvements and facilities, which may be financed by bonds, notes, or other methods authorized by Chapter 190, *Florida Statutes*.

#### **Method of Collection**

The District’s Series 2019 Debt Assessments and/or current or future O&M Assessments may appear on that portion of the annual Polk County Tax Notice entitled “non-ad valorem assessments,” and will be collected by the Polk County Tax Collector in the same manner as county ad valorem taxes. Each property owner must pay both ad valorem and non-ad valorem assessments at the same time. Property owners will, however, be entitled to the same discounts as provided for ad valorem taxes. **As with any tax notice, if all taxes and assessments due are not paid within the prescribed time limit, the tax collector is required to sell tax certificates which, if not timely redeemed, may result in the loss of title to the property.** The District may also elect to collect the assessment directly.

This description of the VillaMar Community Development District’s operation, services and financing structure is intended to provide assistance to landowners and purchasers concerning the important role that the District plays in providing maintenance and infrastructure improvements essential to the use and development of this community. If you have any questions or would simply like additional information about the District, please write to or call the: District Manager, VillaMar Community Development District, 135 W. Central Boulevard, Suite 320, Orlando, Florida 32801 or call (407) 841-5524.

**VILLAMAR COMMUNITY DEVELOPMENT DISTRICT  
NOTICE OF LIEN OF SPECIAL ASSESSMENTS FOR  
SPECIAL ASSESSMENT BONDS, SERIES 2019**

**PLEASE TAKE NOTICE** that the Board of Supervisors of the VillaMar Community Development District (the “District”), in accordance with Chapters 170, 190, and 197, *Florida Statutes*, adopted Resolution Numbers 2019-25, 2019-29, 2019-32, and 2019-39 (the “Assessment Resolutions”), confirming and certifying the lien of non ad-valorem special assessments on certain real property located within the boundaries of the District that will be specially benefitted by the project described in such Assessment Resolutions. Said assessments are pledged to secure the VillaMar Community Development District Special Assessment Bonds, Series 2019 (“Series 2019 Bonds”). The legal description of the lands on which said special assessments are imposed is attached to this Notice (“Notice”), as **Exhibit A**. The special assessments are imposed on benefitted property within the District as described in the *Master Assessment Methodology*, dated December 5, 2018, as supplemented by that *Supplemental Assessment Methodology for Phase 1*, dated June 12, 2019 (together, the “Assessment Methodology Report”), approved by the District. A copy of the Assessment Methodology Report and the Assessment Resolutions may be obtained

by contacting the District at: VillaMar Community Development District, c/o Governmental Management Services – Central Florida, LLC, 135 West Central Boulevard, Suite 320, Orlando, Florida 32801; Ph.: (407) 841-5524. The non ad-valorem special assessments provided for in the Assessment Resolutions were legally and validly determined and levied in accordance with all applicable requirements of Florida law, and these non-ad valorem special assessments constitute and will at all relevant times in the future constitute, legal, valid, and binding first liens on the land against which assessed until paid, coequal with the lien of all state, county, district, and municipal taxes, and superior in dignity to all other liens, titles, and claims.

The District is a special-purpose form of local government established pursuant to and governed by Chapter 190, *Florida Statutes*, as amended. Pursuant to section 190.048, *Florida Statutes*, you are hereby notified that: **THE VILLAMAR COMMUNITY DEVELOPMENT DISTRICT MAY IMPOSE AND LEVY TAXES OR ASSESSMENTS, OR BOTH TAXES AND ASSESSMENTS, ON THIS PROPERTY. THESE TAXES AND ASSESSMENTS PAY THE CONSTRUCTION, OPERATION, AND MAINTENANCE COSTS OF CERTAIN PUBLIC FACILITIES AND SERVICES OF THE DISTRICT AND ARE SET ANNUALLY BY THE GOVERNING BOARD OF THE DISTRICT. THESE TAXES AND ASSESSMENTS ARE IN ADDITION TO COUNTY AND OTHER LOCAL GOVERNMENTAL TAXES AND ASSESSMENTS AND ALL OTHER TAXES AND ASSESSMENTS PROVIDED FOR BY LAW.**

**IN WITNESS WHEREOF**, this Notice has been executed on the \_\_\_\_ day of \_\_\_\_\_, 2019, and recorded in the Official Records of Polk County, Florida.

**RE: Villamar Phase 2**

Rennie,

We have attached herewith our plan revision change order proposal for Villamar Phase 2 based on the revised plans prepared by Dennis Wood Engineering (received June 18, 2019).

We have made the following changes:

- Added curb ramps to Cunningham Road
- Added import fill due to pond/swale elevation changes
- Changed internal roadway base from limerock to crushed concrete
- Added to price of signage and pavement marking due to 5 additional road signs shown
- Added one Emergency Outfall Structure
- Removed 187 LF of 15" RCP
- Removed 55 LF of 24" RCP
- Added 57 LF of 30" RCP
- Removed one Control Structure
- Removed one 15" Concrete Miter
- Removed one 24" Concrete Miter
- Added one 30" Concrete Miter
- Added 109 LF 8" PVC SDR-26
- Added one Sanitary Manhole (0-6')
- Added one Sanitary Manhole (10-12')
- Removed one Sanitary Manhole (12-14')
- Added 8 Single Service Connections
- Added 33 Double Service Connections
- TV & Air Testing – Gravity price increase due to additional 109 LF of 8" PVC SDR-26
- Lift Station & Force Main price increase due to the revised pump package

If you have any questions or require any clarifications regarding our change order, please do not hesitate to contact me personally 24/7 on my cell (813) 230-2001.

Sincere regards,

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 1999).

There is a growing awareness of the need to improve the nutritional status of the world's population. The United Nations World Food Programme (WFP) has been instrumental in this regard, and has been successful in increasing the number of people who are receiving food aid from 100 million in 1990 to 150 million in 1998 (WFP 1999).

One of the main reasons for the increase in the number of people who are undernourished is the increase in the number of people who are living in poverty.

There are a number of factors that contribute to poverty, including lack of access to land, lack of access to credit, and lack of access to education.

One of the main ways in which poverty can be reduced is by increasing the number of people who are employed.

There are a number of ways in which employment can be increased, including by providing training and education, and by providing access to credit.

One of the main ways in which employment can be increased is by providing training and education.

the 1990s, the number of people in the world who are under 15 years of age has increased from 1.1 billion to 1.5 billion, and the number of people aged 65 and over has increased from 0.2 billion to 0.5 billion (United Nations 1999).

There are a number of reasons why the world population is ageing. First, the number of people who survive to old age has increased. This is due to a number of factors, including improved medical care, better nutrition, and a decline in the incidence of infectious diseases. Second, the number of people who are born has decreased. This is due to a number of factors, including a decline in the birth rate, a decline in the number of children who survive to old age, and a decline in the number of people who are born.

The ageing of the world population has a number of implications. First, it will increase the demand for health care and social services. Second, it will increase the demand for housing and transportation. Third, it will increase the demand for retirement income. Fourth, it will increase the demand for long-term care. Fifth, it will increase the demand for education and training. Sixth, it will increase the demand for employment opportunities.

The ageing of the world population is a global phenomenon that will have a significant impact on the world in the 21st century. It is important that we understand the implications of this phenomenon and that we develop strategies to address the challenges it presents. This paper will discuss the implications of the ageing of the world population and will propose strategies to address the challenges it presents.

the 1990s, the number of people in the world who are undernourished has increased from 600 million to 800 million (FAO 1996).

There are a number of reasons for this increase. First, the world population has increased from 5 billion in 1987 to 6 billion in 1996, and is projected to reach 8 billion by the year 2025 (FAO 1996). Second, the world population is ageing, and the proportion of the population aged 65 and over is increasing in all countries. Third, the world population is becoming more urban, and the proportion of the population living in urban areas is increasing in all countries. Fourth, the world population is becoming more educated, and the proportion of the population with a primary school education is increasing in all countries. Fifth, the world population is becoming more mobile, and the proportion of the population living in urban areas is increasing in all countries.

These trends are likely to continue, and the number of people who are undernourished is projected to increase to 1 billion by the year 2025 (FAO 1996). This is a serious problem, and it is important to find ways to reduce the number of people who are undernourished. One way to do this is to increase the production of food. Another way is to reduce the waste of food. A third way is to improve the distribution of food.

There are a number of ways to increase the production of food. One way is to use more land for agriculture. Another way is to use more water for agriculture. A third way is to use more fertilizers. A fourth way is to use more pesticides. A fifth way is to use more machinery.

There are a number of ways to reduce the waste of food. One way is to use less food. Another way is to use food more efficiently. A third way is to use food more creatively. A fourth way is to use food more sustainably. A fifth way is to use food more ethically.

There are a number of ways to improve the distribution of food. One way is to use more efficient transport systems. Another way is to use more efficient storage systems. A third way is to use more efficient marketing systems. A fourth way is to use more efficient distribution systems. A fifth way is to use more efficient consumption systems.

These are some of the ways to reduce the number of people who are undernourished. There are many other ways, and it is important to find the best way to do this. The world is a complex place, and there are many challenges. But if we work together, we can find the way to reduce the number of people who are undernourished.

The first part of the paper discusses the importance of understanding the cultural context of the research. It highlights the need for researchers to be sensitive to the values and beliefs of the communities they are studying. This is particularly important in the field of education, where cultural differences can significantly impact learning outcomes.

The second part of the paper focuses on the methodology used in the study. It describes the process of selecting participants, collecting data, and analyzing the results. The authors emphasize the importance of using a mixed-methods approach to gain a comprehensive understanding of the research topic.

The third part of the paper presents the findings of the study. It discusses the results of the quantitative data analysis and the insights gained from the qualitative interviews. The authors conclude that there are significant differences in learning outcomes between the two groups, and these differences can be attributed to cultural factors.

The final part of the paper discusses the implications of the findings for future research and practice. It suggests that educators should be aware of the cultural context of their students and tailor their teaching methods accordingly. The authors also recommend further research to explore the underlying reasons for the observed differences.

## FORMS OF REQUISITIONS

### VILLAMAR COMMUNITY DEVELOPMENT DISTRICT SPECIAL ASSESSMENT BONDS, SERIES 2019 (Acquisition and Construction)

The undersigned, a Responsible Officer of the VillaMar Community Development District (the "District") hereby submits the following requisition for disbursement under and pursuant to the terms of the Master Trust Indenture by and between the District and U.S. Bank National Association, as trustee (the "Trustee"), dated as of June 1, 2019 as supplemented by that certain First Supplemental Trust Indenture dated as of June 1, 2019 (collectively, the "Series 2019 Indenture") (all capitalized terms used herein shall have the meaning ascribed to such term in the Series 2019 Indenture):

- (A) Requisition Number: 16
- (B) Identify Acquisition Agreement, if applicable;
- (C) Name of Payee pursuant to Acquisition Agreement: Atlantic TNG, LLC
- (D) Amount Payable: \$69,933.00
- (E) Purpose for which paid or incurred (refer also to specific contract if amount is due and payable pursuant to a contract involving progress payments): Phase 1 Construction materials per Change Order 2
- (F) Fund or Account and subaccount, if any, from which disbursement to be made:  
*Series 2019 Acquisition and Construction Account of the Acquisition and Construction Fund.*

The undersigned hereby certifies that:

- 1. obligations in the stated amount set forth above have been incurred by the District,
- 2. each disbursement set forth above is a proper charge against the Series 2019 Acquisition and Construction Account; and
- 3. each disbursement set forth above was incurred in connection with the Cost of the Series 2019 Project.

The undersigned hereby further certifies that there has not been filed with or served upon the District notice of any lien, right to lien, or attachment upon, or claim affecting the right to receive payment of, any of the moneys payable to the Payee set forth above, which has not been released or will not be released simultaneously with the payment hereof.

The undersigned hereby further certifies that such requisition contains no item representing payment on account of any retained percentage which the District is at the date of such certificate entitled to retain.

Attached hereto or on file with the District are copies of the invoice(s) or applicable contracts from the vendor of the property acquired or the services rendered, as well as applicable conveyance instruments (e.g. deed(s), bill(s) of sale, easement(s), etc.) with respect to which disbursement is hereby requested.

## FORMS OF REQUISITIONS

### VILLAMAR COMMUNITY DEVELOPMENT DISTRICT SPECIAL ASSESSMENT BONDS, SERIES 2019 (Acquisition and Construction)

The undersigned, a Responsible Officer of the VillaMar Community Development District (the "District") hereby submits the following requisition for disbursement under and pursuant to the terms of the Master Trust Indenture by and between the District and U.S. Bank National Association, as trustee (the "Trustee"), dated as of June 1, 2019 as supplemented by that certain First Supplemental Trust Indenture dated as of June 1, 2019 (collectively, the "Series 2019 Indenture") (all capitalized terms used herein shall have the meaning ascribed to such term in the Series 2019 Indenture):

- (A) Requisition Number: 17
- (B) Identify Acquisition Agreement, if applicable;
- (C) Name of Payee pursuant to Acquisition Agreement: The Kearney Companies, LLC
- (D) Amount Payable: \$326,184.22
- (E) Purpose for which paid or incurred (refer also to specific contract if amount is due and payable pursuant to a contract involving progress payments): Pay Application 1 – Phase 2 Construction
- (F) Fund or Account and subaccount, if any, from which disbursement to be made:

*Series 2019 Acquisition and Construction Account of the Acquisition and Construction Fund.*

The undersigned hereby certifies that:

- 1. obligations in the stated amount set forth above have been incurred by the District,
- 2. each disbursement set forth above is a proper charge against the Series 2019 Acquisition and Construction Account; and
- 3. each disbursement set forth above was incurred in connection with the Cost of the Series 2019 Project.

The undersigned hereby further certifies that there has not been filed with or served upon the District notice of any lien, right to lien, or attachment upon, or claim affecting the right to receive payment of, any of the moneys payable to the Payee set forth above, which has not been released or will not be released simultaneously with the payment hereof.

The undersigned hereby further certifies that such requisition contains no item representing payment on account of any retained percentage which the District is at the date of such certificate entitled to retain.

Attached hereto or on file with the District are copies of the invoice(s) or applicable contracts from the vendor of the property acquired or the services rendered, as well as applicable conveyance instruments (e.g. deed(s), bill(s) of sale, easement(s), etc.) with respect to which disbursement is hereby requested.

# AUDIT COMMITTEE MEETING

## SECTION 3

# SECTION A

**VILLAMAR COMMUNITY DEVELOPMENT DISTRICT  
REQUEST FOR PROPOSALS**

**Annual Audit Services for Fiscal Year 2019  
Polk County, Florida**

**INSTRUCTIONS TO PROPOSERS**

**SECTION 1. DUE DATE.** Sealed proposals must be received no later than **Monday, September 16, 2019 at 2:00 p.m.**, at the offices of District Manager, located at 135 W. Central Blvd., Suite 320, Orlando, FL 32801. Proposals will be publicly opened at that time.

**SECTION 2. FAMILIARITY WITH THE LAW.** By submitting a proposal, the Proposer is assumed to be familiar with all federal, state, and local laws, ordinances, rules and regulations that in any manner affect the work. Ignorance on the part of the Proposer will in no way relieve it from responsibility to perform the work covered by the proposal in compliance with all such laws, ordinances and regulations.

**SECTION 3. QUALIFICATIONS OF PROPOSER.** The contract, if awarded, will only be awarded to a responsible Proposer who is qualified by experience and licensing to do the work specified herein. The Proposer shall submit with its proposal satisfactory evidence of experience in similar work and show that it is fully prepared to complete the work to the satisfaction of the District.

**SECTION 4. SUBMISSION OF ONLY ONE PROPOSAL.** Proposers shall be disqualified and their proposals rejected if the District has reason to believe that collusion may exist among the Proposers, the Proposer has defaulted on any previous contract or is in arrears on any previous or existing contract, or for failure to demonstrate proper licensure and business organization.

**SECTION 5. SUBMISSION OF PROPOSAL.** Submit seven (7) copies of the Proposal Documents, and other requested attachments at the time and place indicated herein, which shall be enclosed in an opaque sealed envelope, marked with the title Auditing Services – Ridgewood Trails Community Development District on the face of it.

**SECTION 6. MODIFICATION AND WITHDRAWAL.** Proposals may be modified or withdrawn by an appropriate document duly executed and delivered to the place where proposals are to be submitted at any time prior to the time and date the proposals are due. No proposal may be withdrawn after opening for a period of ninety (90) days.

**SECTION 7. PROPOSAL DOCUMENTS.** The proposal documents shall consist of the notice announcing the request for proposals, these instructions, the Evaluation Criteria Sheet and a proposal with all required documentation pursuant to Section 12 of these instructions (the "Proposal Documents").

**SECTION 8. PROPOSAL.** In making its proposal, each Proposer represents that it has read and understands the Proposal Documents and that the proposal is made in accordance therewith.

**SECTION 9. BASIS OF AWARD/RIGHT TO REJECT.** The District reserves the right to reject any and all proposals, make modifications to the work, and waive any informalities or irregularities in proposals as it is deemed in the best interests of the District.

**SECTION 10. CONTRACT AWARD.** Within fourteen (14) days of receipt of the Notice of Award from the District, the Proposer shall enter into and execute a Contract (engagement letter) with the District.

**SECTION 11. LIMITATION OF LIABILITY.** Nothing herein shall be construed as or constitute a waiver of the District's limited waiver of liability contained in section 768.28, Florida Statutes, or any other statute or law.

**SECTION 12. MISCELLANEOUS.** All proposals shall include the following information in addition to any other requirements of the proposal documents.

- A. List position or title of all personnel to perform work on the District audit. Include resumes for each person listed; list years of experience in present position for each party listed and years of related experience.
- B. Describe proposed staffing levels, including resumes with applicable certifications.
- C. Three references from projects of similar size and scope. The Proposer should include information relating to the work it conducted for each reference as well as a name, address and phone number of a contact person.
- D. The lump sum cost of the provision of the services under the proposal

**SECTION 13. PROTESTS.** Any protest regarding the Proposal Documents, must be filed in writing, at the offices of the District Manager, within seventy-two (72) hours after the receipt of the notice of the District's decision. The formal protest setting forth with particularity the facts and law upon which the protest is based shall be filed within seven (7) calendar days after the initial notice of protest was filed. Failure to timely file a notice of protest or failure to timely file a formal written protest shall constitute a waiver of any right to object or protest with respect to aforesaid contract award.

**SECTION 14. EVALUATION OF PROPOSALS.** The criteria to be used in the evaluation of proposals are presented in the Evaluation Criteria Sheet, contained within the Proposal Documents.

# VillaMar CDD AUDITOR SELECTION EVALUATION CRITERIA

1. *Ability of Personnel.* (20 Points)

(E.g., geographic locations of the firm's headquarters or permanent office in relation to the project; capabilities and experience of key personnel; present ability to manage this project; evaluation of existing work load; proposed staffing levels, etc.)

2. *Proposer's Experience.* (20 Points)

(E.g. past record and experience of the Proposer in similar projects; volume of work previously performed by the firm; past performance for other Community Development Districts in other contracts; character, integrity, reputation, or respondent, etc.)

3. *Understanding of Scope of Work.* (20 Points)

Extent to which the proposal demonstrates an understanding of the District's needs for the services requested.

**4. Ability to Furnish the Required Services. (20 Points)**

Extent to which the proposal demonstrates the adequacy of Proposer's financial resources and stability as a business entity necessary to complete the services required. (E.g., the existence of any natural disaster plan for business operations)

5. *Price.* (20 Points)

Points will be awarded based upon the price bid for the rendering of the services and reasonableness of the price to the services.

## SECTION B

**VILLAMAR COMMUNITY DEVELOPMENT DISTRICT  
REQUEST FOR PROPOSALS FOR ANNUAL AUDIT SERVICES**

The VillaMar Community Development District hereby requests proposals for annual financial auditing services. The proposal must provide for the auditing of the District's financial records for the fiscal year ending September 30, 2019, with an option for four additional annual renewals. The District is a local unit of special-purpose government created under Chapter 190, Florida Statutes, for the purpose of financing, constructing, and maintaining public infrastructure. The District is located in Polk County and has a general administrative operating fund and a debt service fund.

The Auditing entity submitting a proposal must be duly licensed under Chapter 173, Florida Statutes and be qualified to conduct audits in accordance with "Government Auditing Standards," as adopted by the Florida Board of Accountancy. Audits shall be conducted in accordance with Florida Law and particularly Section 218.39, Florida Statutes, and the rules of the Florida Auditor General.

Proposal packages, which include evaluation criteria and instructions to proposers, are available from the District Manager at the address and telephone number listed below.

Proposers must provide seven (7) copies and one (1) electronic copy of their proposal to GMS – CF, LLC, District Manager, 135 W. Central Blvd., Suite 320, Orlando, FL 32801, telephone (407) 841-5524, in an envelope marked on the outside **"Auditing Services – VillaMar Community Development District."** Proposals must be received by **Monday, September 16, 2019 at 2:00 p.m.**, at the office of the District Manager. Please direct all questions regarding this Notice to the District Manager.
